

OFRE

OPERATION FRUIT RESCUE EDMONTON

Do you have a tree that needs harvesting or do you always have fruit leftover and don't want it to go to waste? Would you like to pick fruit locally and share it with friends, family, and neighbours?

OFRE helps connect fruit growers and fruit pickers. We began in 2008 and have been growing steadily ever since. In 2010, we picked fruit at over 150 residences in Edmonton and donated over 1000kg of fruit to charity!

OFRE sends teams of volunteers to pick fruit upon request from homeowners. In return, the fruit gets divided equally among: fruit growers, volunteer pickers, a local charity, and OFRE. We host canning/preserving and educational events, and this year will also be making apple cider!

Please contact us to learn more. To join OFRE fill out either the fruit grower or fruit picker/volunteer form.
